Reception to follow in the Community Room

Barton Seaver

is a chef, author, speaker and National Geographic Fellow working to restore our relationship with the ocean, the land, and with each other—through dinner. He believes food is a crucial way for us to connect with the ecosystems, people, and cultures of our world. Seaver is also the Director of the Healthy and Sustainable Food Program at the Center for Health and the Global Environment, Harvard School of Public Health and is a member of the American Chef Corps.
